INDICE

AUTORES

ABELARDI, V.: Ver Villamil, A. y Col. 104
ALLENDE, I. L. C. de, Orías, O.: Hypophysis and ovulation in the toad **Bufo arenarum** Hensel 57
BARRIO, A. (h.): Spastic action of the venom of the spider **Phoneutria fera** 132
BITTNER, J. J.: Ver Martínez, C. y Col. 144
BRAUN MENENDEZ, E.: Professor Oscar Orías (1905-1955) 53
BUZZI, R. M.: Ver Villamil, A. y Col. 104
CAZORLA, A.: Ver Monge, C. y Col. 198
CLAVIJO, J.: Ver Villamil, A. y Col. 104
FERNANDEZ N., J.: Ver Whittembury M., G. y Col 117
FRANCO, R. J.: Ver Villamil, A. y Col. 104
GARCIA RAMOS, J.: Effects of radioactive phosphate on the excitability of mammalian nerves 85
GOMEZ POUYOU, A.: Ver Pardo, E. G. y Col. 211
GOYENA, H.: The action of estradiol upon bone growth "in vitro" 215
GUNTHER, B., Guerra, E.: Biological similarities 169
GUERRA, E.: Ver Günther, B. y Col. 169
GUTIERREZ VILLEGAS, L.: Ver Laguna, J. y Col. 155
HUIDOBRO, F.: Effects of decamethonium (C-10) on the neuro-muscular junction of soleus in the cat 1
HUIDOBRO, F.: On the mechanism of action of bis-(8'quinoliloxy) 1,5-pentane di-iodo ethylate (3381 RP) on the neuro-muscular junction 46
LAGUNA, J., Rodríguez, J., Gutiérrez Villegas, L., Pardo, E.: Effects of anoxia on the perfused cat liver 155
LAGUNA, J.: Ver Pardo, E. G. y Col. 211
LOPES, N.: The action of alloxan in the turtle Pseudemys d'Orbignyi D and B 39
MAGAN, L.: Ver Monge, C. y Col. 198
MARTINEZ, C., Miroff, G., Bittner, J. J.: The tumor size as a factor influencing the transplantability and lethality properties of mammary tumors in mice 144
MAZZELLA, H.: Aspects of hemodynamics of the carotid sinus in mammals 31
MIROFF, G.: Ver Martínez, C. y Col. 144
MONGE, C.: Ver Whittembury M., G. y Col. .. 117
MONGE, C., Cazorla, A., Whittembury, G., Sakata, Y., Rizo-Patrón, C., Magán, L.: A description of the circulatory dynamics in the heart and lungs of people at sea level and at high altitude by means of the dye dilution technique 198
ONDARZA, R.: Ver Pardo, E. G. y Col. 211
ORIAS, O.: Ver Allende, I. L. C. de y Col. .. 57
PARDO, E. G.: Ver Laguna, J. y Col. 155
PARDO, E. G., Gómez Pouyou, A., Ondarza, R., Laguna, J.: Influence of sodium phenyldimethyl-pyrazolone-methyl-aminomethane sulphonate (novalgin, neomelubrin) on the chick embryo 211
PENHOS, J. C.: Relationship between folic acid and sexual hormones in toads and rats 22
RAMIREZ V., M.: Ver Whittembury, G. y Col. 117
RIZO-PATRON, C.: Ver Monge, C. y Col. 198
RODRIGUEZ, J.: Ver Laguna, J. y Col. 155
RUSSEK, M.: Conditioning of tachycardia produced by histotoxic anoxia 122
RUSSEK, M.: Action of histotoxic anoxia on the salivary and cardiorespiratory conditional reflexes 187
SAKATA, Y.: Ver Monge, C. y Col. 198
SILVA, L.: Ver Vargas, L. y Col. 10
VARGAS, L., Silva, L.: On the problem of the absorption of protamine-zinc-insulin implanted subcutaneously. Presence of blood vessels in the capsule 10
VIAL, J. D.: The influence of axon length on the course of Wallerian degeneration of the motor end-plates 95
VILLAMIL, A., Clavijo, J., Franco, R. J., Buzzi, R. M., Abelardi, V.: Circulatory function in artificial hibernation 104
WAGNER, E. M.: Effect of hypophysectomy in the turtle "Chrysemys d'Orbignyi" 219
WHITTEMBURY M., G., Ramírez V., M., Fernández N., J., Monge C., C.: A nomographic system for calculation of water requirements 117
WHITTEMBURY, G.: Ver Monge, C. y Col. ... 198

MATERIAS

ALLOXAN, The action of, in the turtle "Pseudemys d'Orbignyi" D. and B. - N. Lopes 39
ANOXIA. Conditioning of tachycardia produced by histotoxic - M. Russek 122
ANOXIA, Effects of, on the perfused cat liver - J. Laguna y Col. 155
ANOXIA, Action of histotoxic, on the salivary and cardiorespiratory conditional reflexes - M. Russek 187
AXON, The influence of, length on the course of Wallerian degeneration of the motor end-plates - J. D. Vial 95
BIOLOGICAL SIMILARITIES. B. Günther y Col. 169
BONE GROWTH, The action of estradiol upon, "in vitro" - .H Goyena 215
CARDIORESPIRATORY, Action of histotoxic anoxia on the salivary and, conditional reflexes - M. Russek 187
CAROTID SINUS, Aspects of hemodynamics of the, in mammals - H. Mazzella 31
CIRCULATORY function in artificial hibernation - A. Villamil y Col. 104
CIRCULATORY DYNAMICS, A description of the, in the heart and lungs of people at sea-level and at high altitude by means of the dye dilution technique - C. Monge y Col. 198
CHICK EMBRYO. Influence of sodium phenyldimethyl-pyrazolone-methyl-aminomethane sulphonate (novalgin, neomelubrin) on the - E. G. Pardo y Col. 211
DECAMETHONIUM, Effects of, (C-10) on the neuro-muscular junction of soleus in the cat - F. Huidobro 1
DYE DILUTION TECHNIQUE. A description of the circulatory dynamics in the heart and lungs of people at sea-level and at high altitude by means of the - C. Monge y Col. 198
END-PLATES. The influence of axon length on the course of Wallerian degeneration of the motor - J. D. Vial 95
ESTRADIOL, The action of, upon bone growth "in vitro" - H. Goyena 215
FOLIC ACID, Relationship between, and sexual hormones in toads and rats - J. C. Penhos . 22
HIBERNATION. Circulatory function in artificial - A. Villamil y Col. 104

HIGH ALTITUDE. A description of the circulatory dynamics in the heart and lungs of people at sea-level and at, by means of the dye dilution technique - C. Monge y Col. .. 198
HYPOPHYSECTOMY, Effect of, in the turtle "Chrysemys d'Orbignyi" - E. M. Wagner ... 219
HYPOPHYSIS and ovulation in the toad **Bufo arenarum** (Hensel) - I. L. C. de Allende y Col. 57
INSULIN, On the problem of the absorption of protamine-zinc-, implanted subcutaneously. Presence of blood vessels in the capsule - L. Vargas y Col. 10
LETHALITY PROPERTIES, The tumor size as a factor influencing the transplantability and, of mammary tumors in mice - C. Martínez y Col. 144
LIVER. Effects of anoxia on the perfused cat - J. Laguna y Col. 155
NEOMELUBRIN) on the chick embryo. Influence of sodium phenyl-dimethyl-pyrazolone-methyl-aminomethane sulphonate (novalgin, - E. G. Pardo y Col. 211
NERVES. Effects of radioactive phosphate on the excitability of mammalian - J. García Ramos 85
NEURO-MUSCULAR JUNCTION, Effects of decamethonium (C-10), on the, of soleus in the cat - F. Huidobro 1
NEURO-MUSCULAR JUNCTION. On the mechanism of action of bis(8'quinoliloxy) 1,5-pentane di-iodo ethylate (3381 RP) on the - F. Huidobro 46
(NOVALGIN, neomelubrin) on the chick embryo. Influence of sodium phenyl-dimethyl-pyrazolone-methyl-aminomethane sulphonate - E. G. Pardo y Col. 211
ORIAS, Professor Oscar (1905-1955) - E. Braun Menéndez 53
OVULATION, Hypophysis and, in the toad **Bufo arenarum** (Hensel) - I. L. C. de Allende y Col. 57
PROCEEDINGS of the Argentine Society of Biology 48, 114, 163
QUINOLILOXY, bis-(8'-, 1,5-pentane di-iodo ethylate (3381 RP) on the neuro-muscular junction. On the mechanism of action of - F. Huidobro 46
RADIOACTIVE PHOSPHATE, Effects of, on the excitability of mammalian nerves - J. García Ramos 85
REFLEXES. Action of histotoxic anoxia on the salivary and cardiorespiratory conditional - M. Russek 187
SALIVARY, Action of histotoxic anoxia on the, and cardiorespiratory conditioned reflexes - M. Russek 187
SEA-LEVEL, A description of the circulatory dynamics in the heart and lungs of people at, and at high altitude by means of the dye dilution technique - C. Monge y Col. 198
SEXUAL HORMONES, Relationship between folic acid and, in toads and rats - J. C. Penhos 22
SIMILARITIES. Biological. B. Günther y Col. .. 169
SPASTIC action of the venom of the spider **Phoneutria fera** - A. Barrio (h.) 132
TACHYCARDIA, Conditioning of, produced by histotoxic anoxia - M. Russek 122
TRANSPLANTABILITY, The tumor size as a factor influencing the, and lethality properties of mammary tumors in mice - C. Martínez y Col. 144
TUMOR SIZE, The, as a factor influencing the transplantability and lethality properties of mammary tumors in mice - C. Martínez y Col. 144
VENOM, Spastic action of the, of the spider **Phoneutria fera** - A. Barrio (h.) 132
WALLERIAN DEGENERATION, The influence of axon length on the course of, of the motor end-plates - J. D. Vial 95
WATER REQUIREMENTS. A nomographic system for calculation of - G. Whittembury y Col. 117
